

VIOLINS OF HOPE

Sponsored by JCC CHICAGO & ANSHE EMET MEN'S CLUB

YOM HASHOAH - Monday, April 17, 7:00 PM

“Wherever There Was Music, There Was Hope.”

We commemorate those who were murdered in the Holocaust by performing music composed in the concentration camps by those who perished on the Violins of Hope— instruments rescued and restored from the ashes.

Weaving together music, storytelling, and education, we bring to life the memory of the creative lives who perished. The **VIOLINS OF HOPE** were instruments played by Jewish musicians before and during their imprisonment in the concentration camps. They have been recovered and laboriously restored in Israel to add sweetness, light, and hope to the bitterness of loss.
