

Rabbi "D"

Sung to the tune of Look At Me, I'm Sandra D

Look at me I'm Rabbi "D"
I'm just a bundle of energy
I float in the sky – on a natural high
I can I'm Rabbi "D"

If your emotions are a wreck
I'll drive by for a spirit check
When I arrive at your house - my Ke-pa matches my blouse
Because I'm Rabbi "D"

I don't drink or curse
Or even much worse
I don't do drugs – cause that's not what I need
You see I'm a Rab-bi
Who is not a guy
And I've ticked off
Every single Chas-eed

As for you Elee – ah –hoo
I know what you want to do
So I think that it's time - that you come drink your wine
And save humanity

On my face there's always a smile
As I jog mile after mile
People love what I say – as long as I don't bring up the word gay
(not that there is anything wrong with it)
That's me I'm Rabbi "D"
